COMMUNICATING CONTROL SYSTEM KEEPS IT SIMPLE

Simple is Better

Installing a ComfortNet™ Indoor Comfort Communicating System is a simple process. Using 4-wires, a ComfortNet system configures any Holtzople brand compatible gas furnace, air conditioner, or heat pump system in seconds. The ComfortNet system monitors the performance of the indoor and outdoor system components to make certain that the entire indoor comfort system is operating as efficiently as possible. This combination offers what we consider to be our best balance of indoor temperature and humidity control perfection.

Simple is Smart

The ComfortNet system is capable of alerting the homeowner when service is required on any part of the complete system. In addition, standard features of the ComfortNet system include simplified dual fuel installations, outdoor temperature sensors, and adjustable continuous fan control.

Ask your dealer for additional information or visit www.comfortNet1.com.

Holtzople branded heat pumps for performance you can count on.

If you think that the performance of a heat pump is equal to the sum of its parts, then you'll be amazed by Holtzople brand R-410A heat pumps. Holtzople brand heat pumps contain these standard features:

- Crankcase Heater
- Suction Line Accumulator
- Discharge Muffler
- Compressor Sound Blanket (Select Models)
- Low Pressure/Loss of Charge Switch
- SmartShift® Defrost Technology

Our continuing commitment to quality products may mean a change in specification without notice.

Additional Information

Before purchasing any appliance, read important information about its estimated annual energy consumption, yearly operating cost, or energy efficiency rating that is available from your retailer.

Holtzople Heating and Air Conditioning is a division of Holtzople's Incorporated, a family owned-and-operated business for over 30 years. Under the seasoned leadership of owners Jerred and Vicki Holtzople, our customers enjoy unmatched quality and service within their local heating and cooling community.

Holtzople Heating and Air Conditioning provides complete installation, repair and preventive maintenance agreements for residential heat pumps and air conditioners, as well as oil and gas furnaces and boilers. Holtzople also specializes in the installation and service of home comfort accessories including humidifiers, air cleaners, and ultraviolet lights, designed to kill off harmful mold spores and bacteria that live and thrive in home ductwork and coils.

We are proud to offer a line of top-quality Holtzople branded units that feature the best warranty in the industry! And, with an array of efficiencies, you can't go wrong. Then entire line comes with a 10-year part warranty. Choose from our basic 14 SEER model, all the way to the top-tier 20 SEER inverter driven system, with a LIFETIME unit replacement warranty!
